

The background features a diagonal line that divides the space into two main sections. The upper-left section is light gray with a fine grid pattern. The lower-right section is a darker gray, also with a fine grid pattern. The diagonal line is a gradient from light to dark. The text is overlaid on this background.

EXEMPLAR

An Evolution In Light

FUTURE

EXEMPLAR marks an evolutionary step in office lighting. Designed from the outset to obtain the absolute best in performance and uniformity.

FUTURE

World class illumination

FUTURE

Cutting edge technology
for excellent lighting &
control

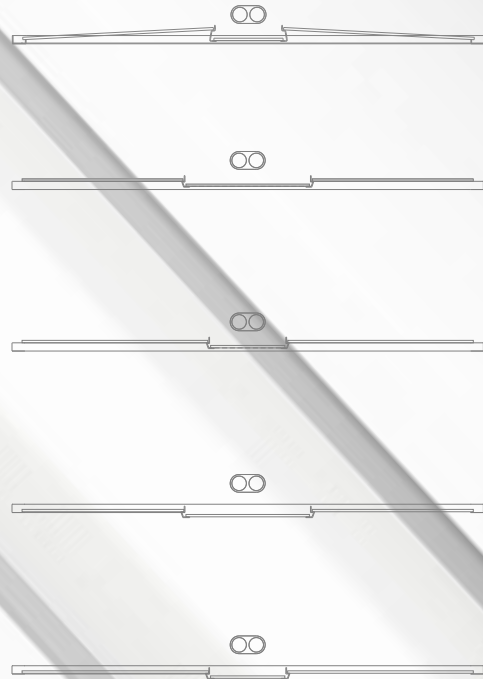

Smart diffusers
High light output
Easy install & maintenance

FUTURE

Impressive Design

Highly efficient LOR exceeding 80%
Compliant with the ECA eligibility criteria
Building Regulations Part L2 compliant
Excellent light levels and uniformity
Cool, crisp illuminance
Quality build
Built in Britain

One family 5 design solutions

FUTURE

Lamp-way: Single or Twin
Lamp: 1 x 55 Watt PLL (600mm x 600mm)
1 x 40 Watt PLL (600mm x 600mm)
2 x 28 Watt T5 (1200mm x 300mm)
2 x 54 Watt T5 (1200mm x 300mm)

LED Cool White & Warm White LED

Depth: 100mm

Control Gear: Electronic high frequency (HF)
Electronic high frequency dimmable 1-10V (HFD)
DALI digital dimmable (HFDI)
DSI digital dimming (HFDX)

Diffusers: Micro prism (MP)
Satin Etched diffuser (ET)

Emergency: 3 hour integrated self contained conversion kit with green LED indicator.

LOR 82%

COMPLIANCE ECA & Building Regs Part L2
