Lightographyfd with FUTURE Designs

FUTURE Designs, the international designer and manufacturer of luminaires and bespoke lighting solutions, has launched a new Instagram photography competition, with proceeds going to The Children's Trust_Tadworth.

The competition is called Lightography. Entrants are asked to imagine our world without artificial light distorting the environment around us. Since mankind discovered fire our reliance on manufactured light has increased from the candle to an electric lamp, and in our technology driven world we are surrounded by artificial lighting emanating from computers, cars, tablets and phones.

The competition is open to individuals, with an intentionally open brief which allows for the creative exploration of natural light through images without manufactured light interference. The chosen theme of natural light includes any time during our 24-hour circadian rhythm, enabling the use of the sunlight and its reflection via the moon, day, dawn, dusk or night to illuminate your image, or these mediums can be the image itself.

How do I enter?

- Register your interest by emailing lightographyfd@futuredesigns.co.uk with your Instagram handle
- Get creative by taking photos which follow the theme of natural light
- Images must be taken on a phone camera
- You may enter up to three images with your entry
- Only one entry per person
- Add your images to your Instagram page and tag @lightthefuture and add #lightographyfd to your caption

Entry Fee

Entry is free.

FUTURE Designs will donate a minimum of £10 per entry to The Children's Trust_Tadworth.

Deadline for Entry is Sunday 29th September 2019.

A shortlist will be announced by Tuesday 22nd October 2019.

The shortlist announcement will be followed by an awards event at the CLERKENWELL Lighthouse, where prizes will be awarded including the first-place prize of a new iPhone XS.

There will be awards for the winner and the runners up, with the first-place award being a new iPhone XS.

The Small Print

Judges decision is final.

Entries received after the competition closing date cannot be entered into the competition.

Entrants are responsible for ensuring they have not breached or infringed any copyright patents etc.

FUTURE Designs employees cannot enter the competition.

FUTURE Designs shall share copyright with the photographer of all submitted images in relation to the competition and may use these in any manner they wish.

Competition entrants must be UK Northern Ireland and Dubai residents.

An entrant may submit a maximum of three images.

An entrant may only enter the competition once.
